

Criterion -7 Institutional Values and best Practices

Key indicator -7.2 Best Practices

Title: Organization of Blood Donation Camp

Objectives:

1. To sensitize the need of donating blood to the needy in time
2. To instil the feeling of helping others to breathe life with their precious donation
3. To impart Students and Peoples towards value of blood donation.
4. To aware of the scientific information about the blood group

Context:

The IQAC and NSS department of the Saraswati Institute of Pharmacy Kurtadi organizes the Blood Donation Camp on every year in collaboration with Gurugobindsinghji blood center Nanded. The College provides all Physical facilities like Blood group testing rooms, blood donating room with good hygiene and sanitation as per the medical standard. The camp is inaugurated with a motivating session by the subject experts to make the students understanding the importance of this best practice.

Practice:

Prior to donation, the donor Students will be screened to identify their quality of blood to be collected. The underweight and the infected persons will not be allowed to provide donations as the medical advice. Donors will be informed that by each donation their blood cells will be rejuvenated and hence youthfulness in the blood will be present on every occasion. Donors will be provided with scientific information regarding the blood group and its associated diseases.

Evidence of success:

The Camp was very successful and appreciated by all the stakeholders including blood bank.

- More than 350 students donated blood of their own free will in last five years.
- The donor Students will get free health check-ups in identifying the pulse rate, Blood pressure, Body temperature, and Haemoglobin level.
- The donor will be informed of their blood group.
- The sick students will get proper medical advice from the health personnel's.
- Blood Bank staff advised to organize more blood donation camps in future.

Problem:

1. Few students are under weight and not consider for blood donation.
2. Few girls' due to medical condition unavoidable Physiological conditions are unable to donate the blood.

Criterion -7 Institutional Values and best Practices

TITLE: To Identify & Empower Lives of Physically Disable, Poor and Destitute People in the Society

Objectives:

1. To improves overall life style of physically disable & destitute People.
2. To Counsel & aware towards importance of Education, Health care, Sanitization and Prevention Malnutrition.
3. To Prevent child labour & early age marriage.
4. Empower a girl & women.

Context:

India is known a developing country having a wide diversity of cultural and living style. The youth population in India holds immense significances in shape the nation's trajectory, contributing to economic growth, social change & a brighter future for the entire society. In India till there are significant number of physically disabled, poor & destitute peoples are found. Such a people are deprived from basic education, nutritional food & healthy life style. On this view IQAC of Institute plans to conducts one of the best social practices as to identify & empower lives of Physically Disabled, Poor and Destitute Peoples in the Society. This practice was executed every year on the occasion of World Pharmacist Day. On this occasion institute identified such a peoples and extended helping hand for their empowerment. These practices improved social life of such a peoples.

Practice:

On 25th Sep 2022 students of institute met to destitute peoples at Ardhapur city. The poor, destitute families were counseled & awared about importance of hygiene, nutritional food, education, child labour and early age marriage etc. Further distributed food grains, blankets, fruits and educational materials to the children. Similarly on 25th Sep 2023 another social empowerment campaign was undertaken for physically disabled students at Hadgoan city. Such a students were encouraged towards hopeful life through motivational short act performed by institutional students. Further helped by means of providing food grains, fruits, playing toys, clothes and educational materials. Later tree plantation was done around the school campus.

Evidence of Success:

After two-month subsequent visit to same community, it was observed that there was considerable positive changes seen among the peoples. The success of these practices were reflected through improved life style, changes in mindset and habits. Decreased evidences of

child labour & early age marriage. The feedback collected from these people signifies the sustained empowerment of destitute disabled peoples.

Problem:

1. Initially it was difficult to motivate people to respond.
2. People are reluctant to education.
3. It was more difficult for rehabilitation of destitute peoples.
4. The problem persists with their permanent Residency.
